8 Foot Vapor Proof LED
Fixture | Frosted Lens

Product Details and Benefits:

SAVE 54% INSTANTLY - Cut down your electricity bill by up to 54% by replacing 250W with

120W! Reduce re-lamp frequency with a lifetime of 45,000+ rated hours, or 21 years with 6 hrs/day of use.

WATERPROOF - The IP65-rated LED fixture is ETL Listed to avoid electrical shock and fire hazard. Perfect for harsh environments where dust, dirt, humidity, and moisture are present, including Industrial kitchen lighting, Car Wash, Warehouse, Barn, Auto shop, Walk in Freezer, Shop lights, Gas station, Airports, Garage, Basement and more wet locations.

HASSLE-FREE INSTALL - Direct wire design makes installation a breeze. Simply hang it up using the included mounting hardware and wire it to power for amazing light! Can be linked or daisy chained for your lighting needs.

5000K & 140 LUMENS PER WATT – These 8ft LED Vapor Light Fixtures have a lumen count of 16,800, a beam angle of 120 degrees, and a life span of 45,000 Hours. Replace your old cfl, halogen or incandescent bulbs with these Vapor Tight Light Fixtures.

T8 LED Tube, 4ft, Plug & Play, Ballast Compatible or Single-End Powered with Ballast

Product Details and Benefits:

Hyperikon LED T8/T10/T12 hybrid tube lights offer a game-changing, flexible hybrid install. These 4ft tube lights offer the simplest and easiest plug-and-play, instant fit installations and are compatible with existing, nonmagnetic electronic ballasts. They can be installed as single-end powered ballast bypass tubes, providing flexibility in your installation and a simple fix. These lights are bright, high output LED™s, illuminating your space with 2000+ lumens. Hyperikon LED hybrid glass tube lights are UL listed and qualified, making them eligible for many utility, local, state, and federal LED retrofit rebates! Save money, save energy, choose the energy efficient choice.

COMPANY INTRO

L.O.T. Mission Statement

L.O.T.'s mission is to bring efficient and renewable energy solutions that will help our customers and our Planet. We believe that we have a part to play in making this world a better place and so our vision is for a more sustainable planet.

Our Values:

Excellent services

Innovation - Smart Lighting and Renewable Energy

Positive change starts with ourselves

L.O.T. Vision

L.O.T.'s is an innovative energy efficient product & service provider that facilitates the switch from inefficient lighting fixtures to new state of the art LED lighting technology. We offer a full electrical service that allows our customers to benefit from inspecting, designing, installing and maintaining our own products.

L.O.T. Strategic Goals

L.O.T.'s goal is to illuminate our World one light fixture at a time while achieving significant energy use reductions through the installation of energy efficient lighting systems. We offer efficient, and affordable smart lighting solutions that allows our users to benefit from energy reduction and cost. All products and fixtures used by L.O.T. are accredited, certified and guaranteed in the areas in which the customer's business operates.
